Monroe County is located in the Finger Lakes Region of New York State, where the Genesee River meets the south shore of Lake Ontario. Monroe County has a population of over 735,000 residents. The County is comprised of 19 towns, 10 villages and the City of Rochester, the third largest city in New York State.

Monroe County government, with a workforce of approximately 4,600 full and part-time employees, has an annual operating budget close to \$1 billion. County government provides a variety of services, including: public safety, health and human services, economic development, recreation, transportation and environmental services. Monroe County also owns and operates the Greater Rochester International Airport and leases and operates the Seneca Park Zoo.

Monroe County is a community of innovators on the cutting edge of scientific research and discovery; a community of entrepreneurs, home to some of the world's best known brands and fastest growing companies; and, a community recognized for its leadership in arts, culture and higher education.

The Office of the Medical Examiner (OME) is a division of the Department of Public Health. OME operations are primarily performed at the Ames Building, 740 East Henrietta Road, Rochester NY 14618. The OME annually investigates approximately 2,700 reports of deaths in Monroe County. A subset of these cases, approximately 700 in number, requires additional examination with subsequent transportation of these remains to the OME.

In addition to these routine operations, the OME maintains a level of preparedness in order to respond to possible mass fatality events.

SECTION 2 - BACKGROUND/SCOPE OF WORK

2.1 DEFINITIONS

List definitions of terms used in the proposal, if necessary.

2.2 DETAILED SCOPE OF WORK

The OME requires the transportation of human remains/decedents, typically from the place of death to the OME or any other location designated by the OME for the purposes of case investigation and examination. Human remains/decedents may be removed from various locations throughout Monroe County, including but not limited to private residences, roadways, wooded areas, funeral homes, hospitals or other health care facilities. For the period of January 1, 2013 – August 31, 2013, there have been an average of approximately 41 transports per month (329 transports in this period).

- Task 1.1 Provide 24 hour, seven days per week removal and transport of human remains/decedent from the scene, hospital or facility (i.e. nursing home, group home, etc.), to the OME, 740 East Henrietta Road, Rochester NY or other location as deemed necessary.
- Task 1.2 Utilize vehicles and transportation methods conforming to New York State Health laws (see Appendix B).
- Task 1.3 Utilize vehicle(s) appropriate for the removal and transport of human remains/decedents to the OME. Inappropriate or poorly maintained vehicles will be disallowed. Respondent must provide proof of ownership or a valid quote for all proposed vehicles. The County's Medical Examiner reserves the right to inspect and approve proposed vehicles.
- Task 1.4 Equip removal/transport vehicle(s) with appropriate equipment for a wide range of scene scenarios, including but not limited to transport cot, fire turnout gear, fire helmets, fire boots, toboggan, flat roadside stretchers and stair chair. The Respondent is responsible for the purchase of this equipment and must maintain equipment in a safe and working condition.
- Task 1.5 Utilize vehicle(s) that are unmarked or do not display the company name.
- Task 1.6 Deploy additional resources necessary for removal as requested by the OME. The OME will provide the Vendor with information about scene location, weight of decedent, decontamination requirements, and any other information that may be required to allow for additional assistance or resources by the Respondent at the time of notification.
- Task 1.7 Provide a sufficient number of vehicles and staff to remove at least two sets of human remains/decedents from two different locations at the same time.
- Task 1.8 Respond and arrive at scene within sixty (60) minutes of notification. The Respondent must provide documentation to the OME when inclement weather, traffic conditions and/or other extenuating circumstances preclude arrival within 60 minutes. Otherwise, should the Respondent be delayed beyond the

60 minutes response time, a rate equal to any “on scene” wait time charges proposed by the Respondent will be charged to the Respondent.

- Task 1.9 Allot for forty-five (45) minutes of time on-scene for stand-by and removal. On-scene time starts upon arrival at scene and ends when the human remains/decedent is removed from the scene. OME staff will contact the Respondent when the decedent is ready for removal; however, the Respondent must be aware there are times when the removal may be delayed due to law enforcement and/or other agency activities beyond the control of the OME. The Respondent must provide any wait time charges beyond this on-scene time in the pricing portion of the RFP response.
- Task 1.10 Provide at least two (2) employees to remove human remains/decedents from scenes and emergency rooms and at least one (1) employee to remove decedents from hospital morgues. Respondent employees must be capable of moving heavy decedents up to 250 pounds and /or must have the appropriate number of staff and equipment to remove human remains/decedents up to 600 pounds. OME staff will not assist with removal.
- Task 1.11 Respondent employees must dress professionally and appropriately for scene response, including County issued identification.
- Task 1.12 Respondent employees will not function in an investigative manner and will only enter the scene perimeter when instructed by the OME personnel.
- Task 1.13 Provide transport for OME staff to and from scenes, if needed to ensure chain of custody protocol. This will not occur frequently but may be necessary in rare occasions.
- Task 1.14 Demonstrate respect for the human remains/decedent and for family members of the decedent at all times during the course of removal and transport.
- Task 1.15 Respondent employees must maintain confidentiality of all information obtained during their service. This includes basic data such as name, age, gender, sexual orientation, circumstances of death, medical history as well as other information. (Also see 4.5 of this RFQ). Any breach of confidentiality may result in the termination of the contract and possible legal action.
- Task 1.16 Respondent employees must use universal precautions, as related to avoiding contact with bodily fluids, during removal, transport and transfer.
- Task 1.17 Respondent employees must comply with Occupational Safety and Health regulations 29 CFR 1910.1030 *Occupational Exposure to Bloodborne Pathogens* and 29 CFR 1910.132-136 *Personal Protective Equipment* and supply personal protective supplies to meet these standards.
- Task 1.18 Respondent employees must comply will all security policies.
- Task 1.19 Utilize cellular telephone and/or two-way radio communication between the Respondent’s main office, mobile vehicle(s) and OME employees.
- Task 1.20 Utilize various types of body bags provided by the OME. Heavy duty bags must be used in any instance where the death is the result of criminal act, requires removal by hand carrying the remains (i.e. off road or woods), or in circumstances where special handling is required, as directed by the OME staff on the scene. In all other routine removal situations (hospitals, nursing homes, etc.), the decedent, ideally, must be placed in a bag provided by that

institution. In those cases where a bag is not provided by an institution, or the removal is made from a private residence, a lightweight bag must be utilized. In cases where the decedent is extremely obese, special oversized heavyweight bags will be utilized as determined by OME staff. All replacement bags will be replenished upon arrival at the OME. All bags are the property of the OME and must be used only for those transports associated with this contract.

- Task 1.21 Utilize other supplies provided by the OME for scene preservations as directed by OME personnel.
- Task 1.22 Complete chain of custody documentation using forms provided by the County when OME personnel are present at scene/pick-up location: The OME personnel will begin the chain of custody at the scene by sealing the bag with a numbered tamper evident seal and will then transfer the decedent to the Respondent for transport. The appropriate receipt will be signed at the scene documenting this chain of custody. The chain of custody will continue at check-in of the human remains/decedent at the OME. Respondent employees will not depart the OME following human remains/decedent transport until said chain of custody is completed and the appropriate receipt is signed by both the Respondent's representative and an OME representative.
- Task 1.23 Complete chain of custody when OME personnel are NOT present at the scene/pick-up location: Respondent will ensure the numbered tamper evident seal on the bag matches the seal number noted in the hospital or other agency's records/forms before transport to the OME. If the body bag is NOT sealed upon arrival, Respondent will use an approved OME Property and Evidence form to document personal property and valuables on the decedent, with hospital or other agency staff present as witness, and then seal the bag with a numbered tamper evident seal before transport to the OME. The form will be signed at the scene by the Respondent's representative and the witness. The chain of custody will continue at check-in of the human remains/decedent at the OME. Respondent employees will not depart the OME following human remains/decedent transport until said chain of custody is completed and the appropriate receipt is signed by both the Respondent's representative and an OME representative.
- Task 1.24 Provide an itemized bill each month showing date of service, OME case number, the location from which removal was made, and names of employees responding.
- Task 1.25 Provide an electronic (.doc,.pdf, etc.) monthly report on all responses including OME case number, time of notification, arrival and departure from scene, arrival and departure times from OME, scene location, and names of Respondent employees responding.
- Task 1.26 Bring any issues/problems encountered immediately to the attention of the Medical Investigator of record for the particular scene, or to the Chief Medical Investigator or his/her designee.

The County is not committed, by virtue of this RFQ, to award a contract, or to procure or contract for services. The proposals submitted in response to this request become the property of the County. The County reserves the right to consider proposals or modifications thereof received at any time before a contract is awarded, if such action is in the best interest of the County. Attached as RFQ Appendix A is a copy of the County contract which contains mandatory provisions.

For purposes of this RFQ and for the contract, the term “Work” is defined as all data, records, files, information, work products, discs or tapes developed, produced or generated in connection with the services to be provided by the Respondent. The County and the Respondent intend the contract to be a contract for services and each considers the Work and any and all documentation or other products and results of the services to be rendered by the Respondent to be a work made for hire. In submitting a proposal in response to this RFQ, the Respondent acknowledges and agrees that the Work (and all rights therein) belongs to and shall be the sole and exclusive property of the County.

The Respondent and the Respondent’s employees shall have no rights in or ownership of the Work and any and all documentation or other products and results of the services or any other property of the County. With the prior written approval of the County, this twenty-four (24) hour period may be extended for delivery of certain completed, or partially completed, work or other such information, if such extension is in the best interests of the County.

The Respondent will not make or retain any copies of the Work or any and all documentation or other products and results of the services provided under such Contract without the prior written consent of the County.

4.6 Contract Payment

Actual terms of payment will be the result of agreements reached between Monroe County and the Respondent selected.

The County has the right to use any or all ideas presented by a Respondent.

The County reserves the right to ownership, without limitation, of all proposals submitted. However, because the County could be required to disclose proposals under the New York Freedom of Information Law (Public Officers Law §§ 84 – 90), the County will, to the extent permitted by law, seek to protect the Respondent's interests with respect to any trade secret information submitted as follows:

Pursuant to Public Officers Law § 87, Monroe County will deny public access to Respondent's proposal to the extent the information constitutes a trade secret, which if disclosed would cause substantial harm to the Respondent's competitive position, provided the Respondent identified the information it considers to be a trade secret and explains how disclosure would cause harm to the Respondent's competitive position.

Nothing herein is intended to relieve the County from its own negligence or misfeasance or to assume any such liability for the County by the Respondent.

4.13 Insurance Requirements

The Respondent shall procure and maintain at their own expense until final completion of the work covered by the Contract, insurance for liability for damages imposed by law of the kinds and in the amounts hereinafter provided, issued by insurance companies authorized to do business in the State of New York, covering all operations under the Contract whether performed by the Respondent or by their subcontractors.
